KENTUCKY UNIFORM POLICE TRAFFIC COLLISION REPORT - NARRATIVE

KSP 74 Revised 1/2000

DRAFT

MASTER FILE #

INVESTIGATING AGENCY NORTHERN KY UNIVERSITY POLICE

AGENCY ORI NUMBER 0191500

LOCAL CODE 2010-00525

On the listed date and time I, Officer Brown, responded to a reported pedestrian struck by a vehicle in lot M. I responded with emergency equipment and observed a female (Mrs. Rebecca Webster) on the ground between lot M and Kenton Dr. I observed a black vehicle parked in the middle of the westbound lane of Kenton Drive and a large crowd of people standing on the sidewalk. I rendered immediate aid to Mrs. Webster until Central Campbell EMS arrived and took over rendering aid to Mrs. Webster. Officer Jansen arrived and began to interview the driver of the vehicle and witnesses. Ms. Kelly Schneider stated she was headed westbound on Kenton Drive when Mrs. Webster "darted out" in front of her vehicle. Ms. Schneider stated she struck Mrs. Webster before she was able to stop. Mrs. Webster was not fully coherent so a statement was unable to be obtained from her at this time. A witness named Ms. Erin Schuler, stated she was driving eastbound on Kenton Drive and saw Mrs. Webster crossing in the designated cross-walk in front of her and yielded the right-of-way. As Mrs. Webster proceeded past Ms. Schulers vehicle in the crosswalk Ms. Schuler slowly proceeded eastbound. Ms. Schuler stated that Mrs. Schneider's vehicle passed her going westbound on Kenton Drive at a continual speed towards the crosswalk. After passing Mrs. Schneider and the crosswalk Ms. Schuler observed Mrs. Websters body airborne after the contact with Mrs. Schneider's vehicle. She then parked in Lot M and remained on scene. While administering aid to Mrs. Webster I observed that she had a large laceration on her forehead that was bleeding heavily. She stated she had severe pain in both legs below the knee and that they were going numb. Mrs. Webster began to show signs of shock and I attempted to calm her until EMS arrived on scene. She was conscience and somewhat coherent upon EMS arrival and able to give some information about her life, but was confused about general questions. Sergeant Bunning arrived on scene and through his accident reconstruction training estimates Mrs. Schneider's rate of speed between 25-30mph. Photos were taken to log the extent and type of damages to the vehicle and scene.
